1 Introduction

Something, something.

2 Python Functions

More something, more something

2.1 Modulus Function

At Python function

2.1.1 Mathematics

Some some

2.1.2 Pseudocode

Some

2.1.3 Code

Some some some

2.2 Absolute Value Function

At Python function

2.3 Modulus Function

At Python function

2.4 Division Function

At Python function

2.5 Sine/Cosine Function

At Python function

2.6 Square root Function

At Python function

3 Array Functions

More more something, more more something

4 Applications

More more more something, more more more something
